Experience

Web Development Intern

January 2023 – present

Tatum Games

- Fulfill tickets on Jira by fixing bugs and refactoring code to push into production.
- Apply agile methodologies, test automation, and wireframing in software development.
- Collaborate with other interns and peer review pull requests.

Club Concierge/Bellman

July 2021 – April 2022

The Langham Hotel Chicago

- Maintained service areas and provided customer service to incoming and outgoing guests.
- Assisted guests in having a flawless check-in process from the ground floor up to their room.

Lead Reservations Agent

August 2018 – March 2020

St. Jane Hotel

- Led a reservations team of 4-5 and acted as the link between sales managers and the team, ensuring seamless communication needs to provide the best guest experience.
- Assessed all computer challenges brought on by staff and clients.
- Gained proficient knowledge and use of computer programs and applications such as Opera, OpenTable, and ConceptSPA.

Projects

DevConnect | React.js, Bootstrap, Node.js, MongoDB, Redux, Express, Mongoose

<https://morning-wave-21848.herokuapp.com/>

- Built a full MERN stack social media web application to connect other developers with similar skill sets, create conversations about technologies, and network.
- Utilized software development life cycle in the software design.

Wordle Clone | React.js, jQuery, CSS, HTML

<https://darcxnite.github.io/wordle-clone/>

- Created a clone of the popular Wordle game with CSS3 upgraded animations.
- Used a dictionary JSON database to populate the word of the day.

Simon Says | jQuery, HTML, CSS

<https://www.davisnguyen.net/simon-says/Simon-Says-Game-Final/simonsays.html>

- Developed a follow-the-leader game using jQuery and implemented AI that sequences a pattern that the consumer must follow.

Technical Skills

Languages: JavaScript, TypeScript, Python, PHP, HTML/CSS

Frameworks: React.js, Next.js, React Native, jQuery, Node, Express, Sequelize, Mongoose, WordPress, Bootstrap, TailwindCSS

Additional Skills: Git, MongoDB(noSQL), PostgreSQL(sql), VSCode, REST, Ajax, Axios, Responsive Design, OOP

Education

General Assembly | *Chicago, IL*

April 2022 – July 2022

Certificate of Completion Software Engineering Immersive

- Completed a 12-week intensive program in software engineering, where I gained expertise in full-stack web development and applied agile methodologies, test automation, and wireframing in software development.

Columbia College Chicago | *Chicago, IL*

Bachelor in Arts in Film and Video
